Quick Start Guide:
## Setting up your WiFi and App

WCTA Fiber Internet
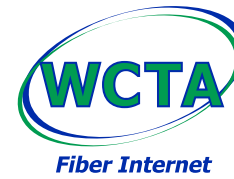

www.wctatel.net
800-592-6105
704 E Main St, Lake Mills, IA 50450

1 Download the app. You can search either the Apple App Store or Google Play Store for: **"WCTA Managed WiFi"**, then install it on your mobile device.

Download on the App Store

GET IT ON Google Play

**2** Select "SIGN UP" towards the bottom of the screen.

**3** Enter your personal information. The password you enter here will be used to access the app.
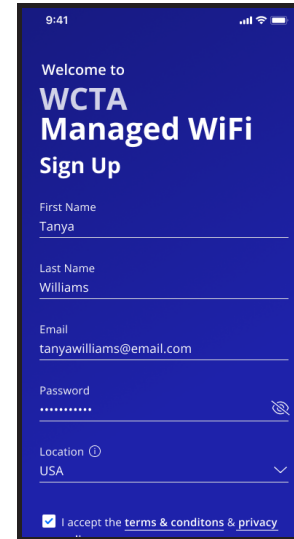

Note:
Please wait at least 10 minutes after your GigaSpire BLAST System has been "turned up" before attempting step 4.

4 Select "Yes" to continue.

5 Tap the QR code that appears within the app. (You will be asked to allow the app to access your camera). Point your camera at the QR Code found on the bottom of your GigaSpire BLAST System, or on the sticker that came in your box (example shown below). Select OK.

Default Settings
SSID: CXNK001870CD
ONU MAC: 000631B41844
Security Type: WPA2.AES
WPA Key: 84f1415608b2cb13
IP Address: 192.168.1.1
User/Password: admin/3f7b1e66

6 **Note:**
Since your system is already operating with WiFi, select the "Skip this step" option and the "I don't have a mesh (SAT)" option.

Step 3 of 3
Setup Wi-Fi
Wi-Fi already set up?
Skip this step

Setup Mesh (SAT)
Did your router come with a mesh (SAT) device? The barcode is located on the sticker.
